# NAVIN CHANDRA

*Curriculum Vitae*

*Savitri Sadan, Road No-3,Adarsh Nagar*
*Phulwari Sharif, Patna, India-801505*
*+919560690140*
*navinchandra2003@gmail.com*
*chandra04.github.io/*
*Linkedin* *ORCiD*

## Education

2025 (May) **PhD, Physical Oceanography & Ocean Modelling**, *Centre for Atmospheric Sciences, Indian Institute of Technology Delhi*, New Delhi, India.
Study of Oceanic Mesoscale Eddies in the Bay of Bengal using a Numerical Model.

2016 : **Master of Technology, Atmospheric & Oceanic Science and Technology**, *Centre for Atmospheric Sciences, Indian Institute of Technology Delhi*, New Delhi, India.

2012 : **Bachelor of Technology, Mechanical Engineering**, *Biju Pattnaik University of Technology*, Rourkela, India.

## Work Experience

### National Centre for Medium Range Weather Forecasting (NCMRWF)

March,2023 – present ***Project Scientist-II***.
Currently I am working as a Project Scientist II, in Bimstec Centre for Weather and Climate (BCWC) and look after weather system of BIMSTEC memeber countries.

### Indian Institute of Technology Delhi

Nov,2016 – June 2017 ***Project Assistant***.
Visualization and analysis of different model output

Project Incharge : **Prof. Vimlesh Pant**, *Professor, Centre for Atmospheric Sciences*, IIT Delhi (*Personal Web-page*)

## Publications

### Journal Articles

2025 **Navin Chandra**, Vimlesh Pant, and Kumar Ravi Prakash. Influence of cyclonic and anticyclonic mesoscale oceanic eddies on thermodynamic characteristics of near-surface atmospheric column. *Quarterly Journal of the Royal Meteorological Society*, 2025. `https://doi.org/10.1002/qj.5036`.

2025 **Navin Chandra** and Vimlesh Pant. Variability of mesoscale eddies and their kinetic energy in the bay of bengal using a high-resolution ocean model. *Regional Studies in Marine Science.*, volume 89, 2025. `https://doi.org/10.1016/j.rsma.2025.104329`.

2025 **Navin Chandra** and Vimlesh Pant. Impact of indian ocean dipole on the mesoscale eddies and their energy in the bay of bengal. *Oceanologia*, volume 67(1), 2025. `https://doi.org/10.5697/ygvi7171`.

2022 Kumar Ravi Prakash, Vimlesh Pant, T. V. S. Udaya Bhaskar, and **Navin Chandra**. What made the sustained intensification of tropical cyclone fani in the bay of bengal? an investigation using coupled atmosphere–ocean model. *Atmosphere*, volume 13, 2022. `https://doi.org/10.3390/atmos13040535`.

2021 Kumar Ravi Prakash, Tanuja Nigam, Vimlesh Pant, and **Navin Chandra**. On the interaction of mesoscale eddies and a tropical cyclone in the bay of bengal. *Natural Hazards*, volume 106, 2021. `https://doi.org/10.1007/s11069-021-04524-z`.

### Communicated Journal Article

2026 **Navin Chandra**, *Ankur Gupta, Akhilesh Kumar Mishra and Raghavendra Ashrit*, Eddy activity on both sides of the Indian Peninsula with the help of the gridded sea surface height, In *Journal of Oceanography*.
Under Review

### Report

2024 **Navin Chandra**, Mohan S Thota, and Raghavendra Ashrit. Trend analysis of rainfall, maximum temperature, and minimum temperature over thailand using CRU TS 4.07 monthly data, 2024. `https://doi.org/10.64349/nmrf.rr.5.2024`.

2024 Gibies George John P. George Sumit Kumar Laxmikant Dhage Nishtha Agarwal Durgesh Nandan Piyush **Navin Chandra** Tanvi Gupta, S. Indira Rani and V. S. Prasad. Microsat-2b (eos-07) microwave humidity sounder radiance assimilation in the ncum system, 2024. `https://doi.org/10.64349/nmrf.rr.2.2024`.

### In Conference Proceedings

2022 **Navin Chandra** and Vimlesh Pant. Mesoscale eddies in the bay of bengal and their response to iod modes. In AGU General Assembly, *held during 12-16 Dec 2022 (online)*, 2022.

2021 **Navin Chandra** and Vimlesh Pant. Variability of eddy kinetic energy in the bay of bengal in the pretext of indian ocean dipole. In AGU General Assembly, *held during 13-17 Dec 2021 (online)*, 2021.

2021 **Navin Chandra** and Vimlesh Pant. Characteristics of mesoscale eddies in the bay of bengal using a numerical model. In OSICON-2021, *held during 12-14 August 2021 (online)*, 2021.

2020 **Navin Chandra** and Vimlesh Pant. Eddies and their energetics in the bay of bengal. In EGU General Assembly, *held during 4-8 May 2020 (online)*, 2020.

2016 **Navin Chandra**, K.K. Sandeep, and Vimlesh Pant. Simulation of sea surface variables over the bay of bengal in the high resolution eddy-resolving set-up of roms model. In Recent Advancement in Regional Ocean Modelling (RAROM-2016)., *CORAL-Indian Institute of Technology Kharagpur, March-2016.*, 2016.

## Fellowships & Awards

2014 –2016 *Fellowship from Ministry of Human Resource and Development(MHRD)*, Government of India for master studies

2017 –2022 *Fellowship from Ministry of Human Resource and Development(MHRD)*, Government of India for PhD research.

## Academic Achievements & Recognitions

2016 **Appreciation for Master's Research Work** by *IIT DELHI ALUMNI ASSOCIATION RESEARCH & INNOVATION AWARD*

## Computer skills

| | |
|---|---|
| Numerical Model | ROMS, COAWST(WRF+ROMS) |
| Programming Languages | Python, Fortran, Matlab, Shell scripting |
| Operating System | Windows, Linux, macOS |
| Climate Data Analysis Tool | CDO, NCO, Ferret |

## SERVICE AND OUTREACH

Reviewer Regional Studies in Marine Sciences, Theoretical and Applied Climatology 2025-present

## Referees

**Prof. Vimlesh Pant**
*Professor*
*Centre for Atmospheric Sciences*
Indian Institute of Technology Delhi
☎ +(91) 9873520673
✉ vimlesh@cas.iitd.ac.in
Personal Website

**Prof. A. D. Rao**
*Emeritus Professor*
*Centre for Atmospheric Sciences*
Indian Institute of Technology Delhi
☎ +(91) 8800856563
✉ adrao@cas.iitd.ac.in
